From

The Dewan of Travancore

To

The British Resident in Travancore and Cochin

Sir,

I have the honor to inform you that the Public works Department of this state badly stands in need of re-cruiting. The Kodayar Project, which has been started, has owing to a paucity of experienced Engineers, been entrusted to a comparatively Junior officer, and in view to improve the efficiency of the Department, His Highness the Maha Raja has been pleased to sanction the appointment of an Engineer of tried professional ability and considerable executive experience especially in Project works, on a salary ranging according to qualifications from Rs 500 to Rs 800 with usual allowances. I shall therefore be very much obliged by your kindly mo[ving] the Madras Government to lend the services of such an officer to this Government for a period of 5 years, at the expiry of which period, this Government would be glad to take him permanently into their service on such terms as might the[n] be fixed, should the continuance of the service be agreeable to them as well as to the officer in question. This Government

would be glad to pay in addition to the officer's salary such pensionary contribution as might be needed. I should here mention that, should the officer give satisfaction, he would on Mr. Jacob's retirement and subject to such terms as might then be laid down be appointed Chief Engineer on a salary of Rs 1000 rising to Rs 1200 after 5 years. Executive Engineers of this State usually draw travelling allowance at Rs 4 per diem, and a mileage at 8 as per mile for distances travelled in excess of 20 miles in a day.
